Hello,

It's been a little over 4 years since Katawa Shoujo released, and since then, we've seen it gain in popularity beyond what any of us might have imagined. Not only that, but thanks to the tireless efforts of translators, that popularity has spread to many other countries, including Japan.

It's been rewarding to see people from all over the world enjoy Katawa Shoujo, with readers still seeing the world of Yamaku and its students for the first time. We hope that you enjoy Katawa Shoujo, and the artworks dedicated to it in this book as well.

# thou ghts

Aside from the translation of Katawa Shoujo, the Japanese Translation Project has published various fanbooks in collaboration with the members of Four Leaf Studios. For the devs and fans outside Japan, there seems to be a special meaning to deliver a doujin book in the Comic Market. We're happy that we were able to present their great artworks here in Japan.

Since the translation effort has pretty much come to a closure, we have renamed ourselves to "Four Leaf Studios Japan". We plan to support and publish the creative works of 4LS members as the Japan branch.

We hope you'll stay tuned for our future creations.
